Dear Bill:

Citi Trends is updating its graphics and store features in all of its new stores and a select group of existing stores, which includes its store at Model T Plaza. This updated look includes a new logo, which will be installed on the exterior of the store and pylon. We have enclosed the plans for the new sign graphics, as well as information about the new store look. Please approve the new signage and the store elevation by signing the enclosed copy of this letter where indicated below, initialing the plans, and returning the letter and the plans to my attention via fax or email.

Thank you. We look forward to continued success at Model T Plaza.
